

Government of Assam
OFFICE OF THE PRINCIPAL:::ASSAM ENGINEERING COLLEGE
GUWAHATI-13.

INTERNATIONAL COLLABORATIVE PROJECT
AND
WORKSHOP FOR CAPACITY BUILDING IN CONSTRUCTION MANAGEMENT

The International Collaborative project with the University of Melbourne, Australia that has been implemented through Assam Engineering College envisions for Faculty Development, Faculty Exchange, Curriculum Development, Research, Education and capacity building in the state in the field Construction Management.

A WORKSHOP FOR CAPACITY BUILDING IN CONSTRUCTION MANAGEMENT will be held on 13-16th December, 2016 with five experts from University of Melbourne as Resource Persons. As the sector of construction has multiple linkages with other sectors having strong multiplier effect on the overall economy, engagement of all stakeholders is of urgent need to make the collaborative venture a grand success.

The Workshop will dedicate a day [December 16, 2016], on the sub-theme of ENGAGEMENT OF STAKEHOLDERS IN CONSTRUCTION MANAGEMENT, to create a shared vision and also to promote the Government's mission for enhancing employability and productivity through relevant education, research, skill building in this strategically important sector of our economy.

Students of Assam Engineering College are advised to participate in the workshop and willing students are to register online through the College Website. Participants will receive certificate under joint signature of the University of Melbourne, Australia and Assam Engineering College.

Faculties of Assam Engineering College are also requested to attend the workshop with registration online at the College website.
